

Top 5 Savings Accounts – September 2021

Please see below tables of the top 5 savings accounts for your individual needs in order to grow your cash in fixed rate accounts. Each table displays the top 5 accounts for personal deposit accounts, cash ISA accounts, pension accounts and for business accounts, as well as the length of the fixed term, ranging from instant access up to a five year period.

For example, in the first table below we can see the top 5 accounts for each fixed term deposit account with the highest interest rate being offered over a five year period at 1.30%. In a lot of cases, the interest rates offered below can be quite a lot higher than those offered at a regular high street bank. However, please have a look at the below tables and if this is of any interest then please do not hesitate to get in touch and we'll be more than happy to assist.
